NFDC22: NFDC Proposed Change to LYM10.6 (map)

Existing footway width tapers from 1.40m (at northern end opposite no 27) to 1.0m (at southern end) at its narrowest point. The area adjacent to the eastern edge of footway is an open area currently used for boat storage.

Edge line of path if widened to 2m.

Location of existing fence line

Footpath is approx 2m wide near access point

Footpath width varies between 1.75m and 1.8m along this stretch of path.
