

Your Online Shop Window.....

Using Online to Drive Footfall, Engagement & Loyalty

Richard Nowell, Lighthouse Marketing.

How We Shop

“63% of all shopping ‘journey’s starting online...Whether they end up buying online or from the high street.”

If your website or social media isn’t visible or active....

*GoogleThink, 2020

A photograph of a storefront for 'HISTORIC LONDON'. The sign above the entrance is teal with the words 'HISTORIC LONDON' in gold. The window and glass doors are completely covered with a dense collage of newspaper clippings and small photographs. A white horizontal line is drawn across the bottom of the text overlay. In the background, a few people are visible on the sidewalk, and a sign for 'Souve' is partially visible on the right.

HISTORIC LONDON

It's a bit like covering up
your shop window too.

Hello.

- Many of you will already be harnessing how 'online' can grow your business.
- Others taking their first steps.
- A few may still see online as the enemy, "it's something for big businesses", or "I don't retail online"
- But being 'match fit' with your online presence has the ability to....
 1. Make your **current customers more loyal**.
 2. **Engage** with potential **new** customers.
 3. Convey your **brand personality**....it's your second shop window!

The world's biggest businesses or retailers are different. And have one thing in common

The world's biggest media company doesn't write a single word.

The world's biggest taxi company doesn't own a vehicle.

The world's biggest hotel company doesn't own a room.

And, the world's biggest retailer doesn't own a shop.

They are 'data' companies.

Data enables businesses to analyse trends, to make more informed decisions and our marketing much smarter.

This is why in 2020 business spent 72% of their marketing budgets on social & digital.

DIGITAL
TOOLKIT

Online Toolkit

1.

Doesn't need to cost the earth or have loads of pages. Smaller is sometimes more beautiful!
It's job is to drive engagement, consideration that generates footfall or an enquiry

2.

User Experience.
How does your website 'flow'?
Is it easy to find the right information? Does it resize to mobile?
We're looking to create 'dwell time'....
Put yourself in your customers shoes.

3.

Housekeeping!
Is the key information right?
Opening hours or contact info.
Where's best to park?
Signpost links to your social media or newsletter to encourage sign-up

Online Toolkit

4

Is it visually appealing?
We buy with our eyes.
Consider, or invest in
imagery that excites. In
terms of copy, less is more.

5

Does your website tell
customers about the key
products or brands?
Does it bring to life and
tell the story of your
business, it's the USP's?

6

Your website will get
more 'visits' than your
shop window....but
people have to be able
to find it.

SEO.....Finding You Online

- Having a beautiful website is great, but how easily can potential customers find it?
- SEO, is an ever-evolving set of algorithms that 'rank' your website and the pages within.
- Competing against the multinational or big brands is tough, unless you're prepared to pay Google to sit at the top of page 1.
- Almost all businesses rank 'organically', which broadly comprises of 3 key pillars
 - Keywords
 - Content
 - Backlinks

Digital Marketing

- Once your website has been given a 'fine tune' with fresh copy and appealing imagery its time to ramp up the marketing.
- Build a customer database and send regular communications to keep them updated on your business.
- It could be weekly, or monthly.
- Lots of great email tools such as Mailchimp or Campaign Monitor.
- Think impact! You've got their attention for about 13 seconds!
- Run competitions that requires people to 'sign up' or team up with a complimentary brand to help grow your database.
- Provide your audience with incentives and make them feel valued.
- Expect a 20-25% open rate.
- Best time to send is mid-morning, or lunchtimes.....
- Include a 'sign up' button on your website.

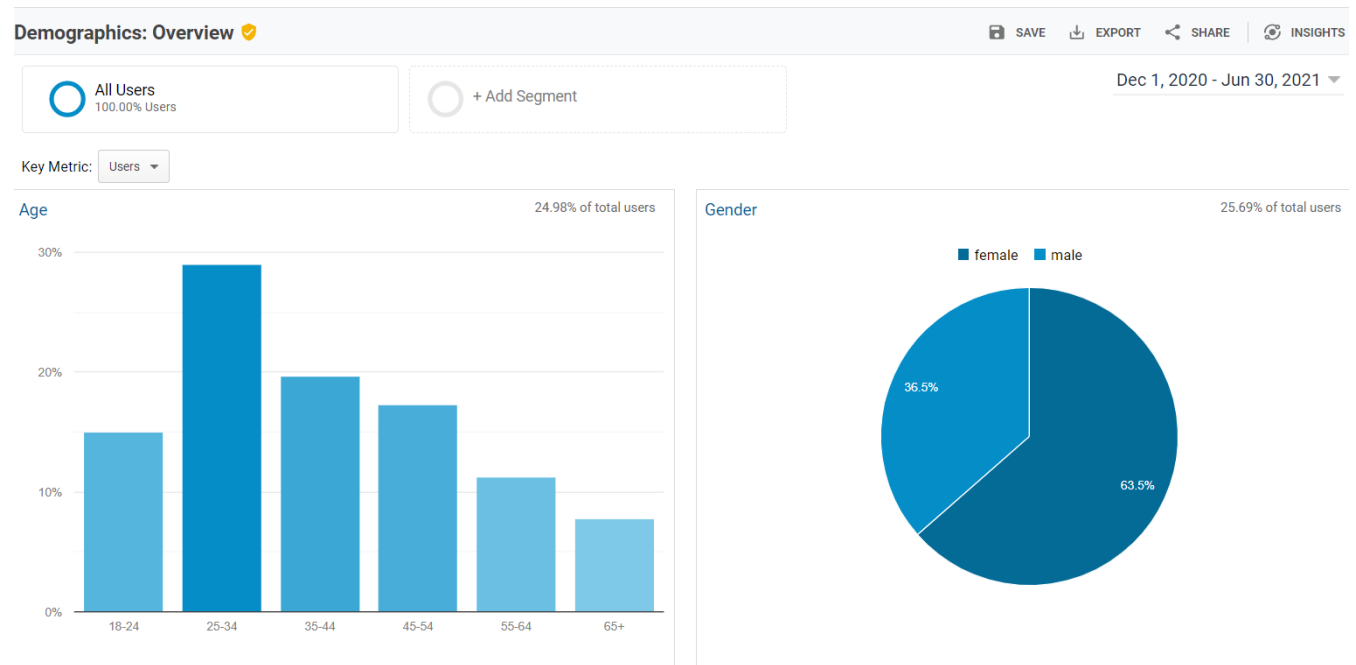

Google Analytics

- Plug into Google's analytics dashboard to open a wealth of data.
- User numbers; new versus returning visitors.
- How long do people spend on your site?

Age & Gender

- What are your demographics?
- By understanding age or gender you can tailor your websites content to appeal to your core audiences.

How Users Interact With Your Website

- It provides a map of how users navigate your website.
- By seeing which pages have the most hits or 'dwell time' we can build on what's working and fix the pages that aren't.

SOCIAL MEDIA TOOLKIT

Why Invest in Social?

- Since 2004 the rise of social media has changed the global marketing landscape.
- Social media will command a 13% share of global ad spend, behind TV at 29% and paid search at 17%.
- Complex algorithms ensure social media is **highly targeted** to the right audiences.
- Analytics provide a transparent evaluation or 'trackability' providing businesses with information of how campaigns are performing compared to marketing investment.
- Social has an important role as an "always on" cost effective way to reach potential consumers.
- To underpin and build your brand personality and trust with clients.
- There are two core ways to use social media to your advantage;
 1. General daily engagement/posts.
 2. Targeted paid for campaigns.

OBERLO

Time spent on social media per day

An average of
3 HOURS
per day is spent on social
networks and
messaging.
(Globalwebindex, 2018)

OBERLO

The Power of Social Media Marketing

73%

of marketers believe social media marketing has been "somewhat effective" or "very effective" for their business.

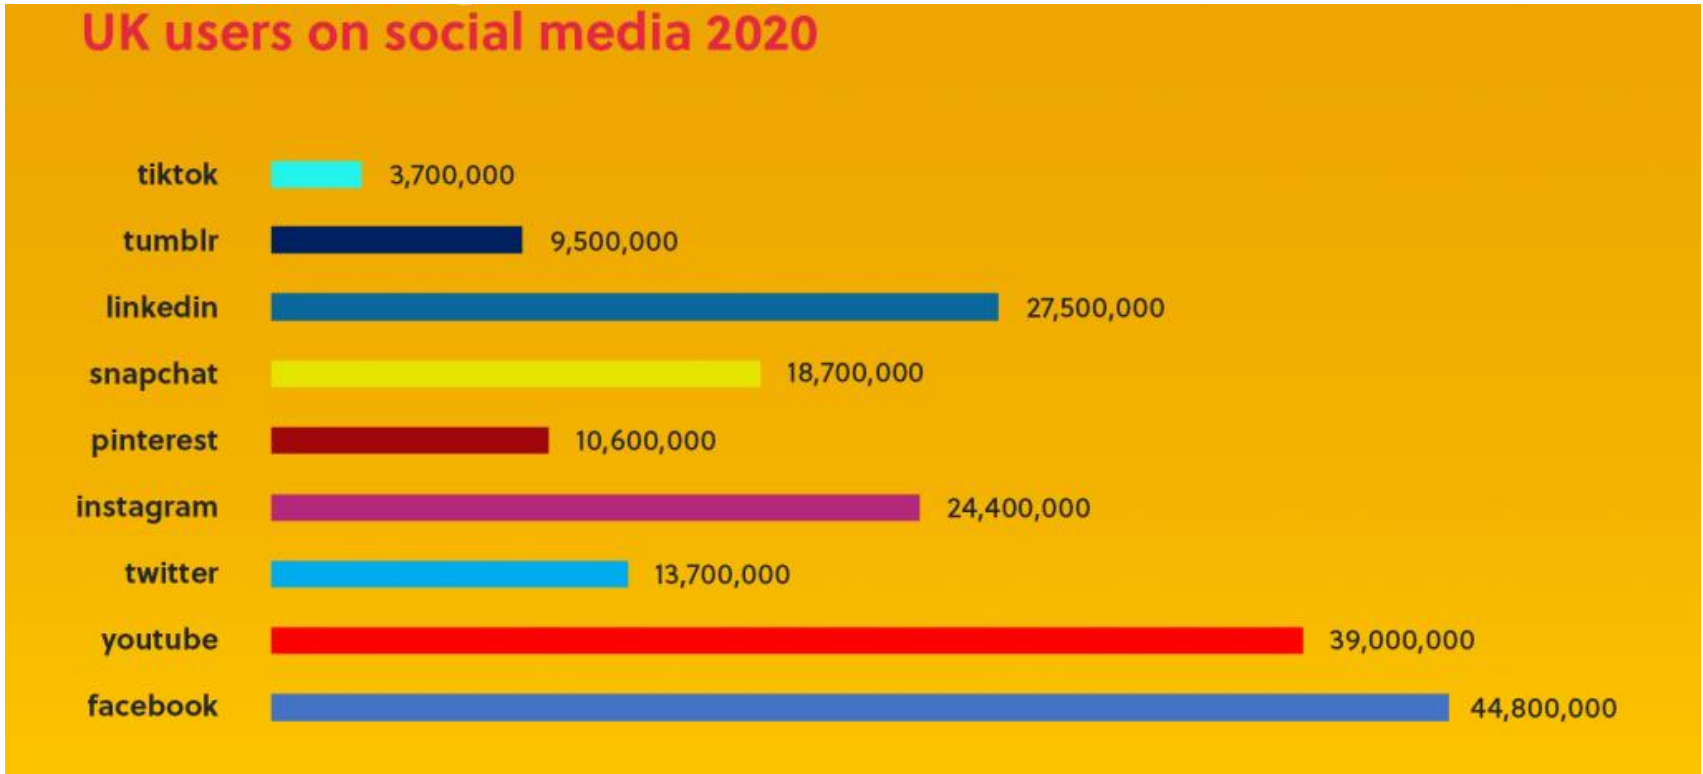

(Buffer, 2019)

UK Social Landscape

- Explore the social media landscape and what that means for your brand.
- Different channels appeal to different users.
- **YouTube, Tik Tok and Vimeo** are geared towards a younger audience driven by video.
- **Instagram, Pinterest, Snapchat** utilise images and shorter videos.
- **Twitter** is essentially a newsfeed.
- **LinkedIn** focuses more on B2B, especially recruitment.
- Sites like **Tumblr** are used mainly for blogging.
- **Facebook** continues to lead the market, but with an older user base.

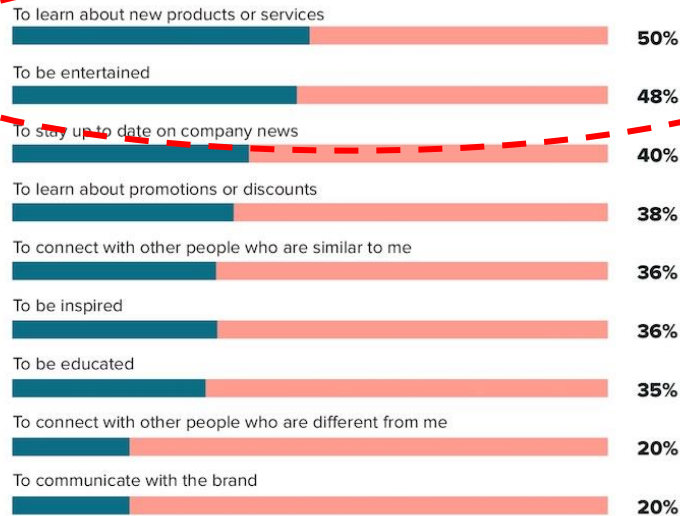

UK Users – 2020 Social Media

Building a Social Following.....and Losing them!

Why consumers follow brands on social media

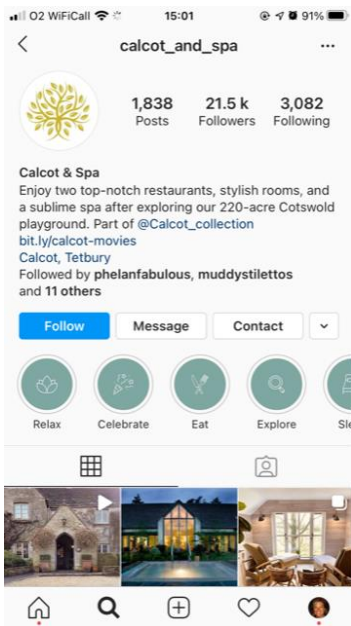

sproutsocial

Why consumers unfollow brands on social media

sproutsocial

User Generated Content

A move away from more corporate glossy posts into a **more personal approach**, where potential guests are looking to relate to the product or brand.

Engagement between brands and consumers has never been higher, 1 in 3 posts on social mention a brand, and 1 in 5 Instagram stories result in a direct message.

To help make social media pages **more credible by sharing visitor content**, it also gives a **more human element and authentic feel**. It's also a cost efficient way of collating content.

It's true **word of mouth marketing** taken to a whole new level and breaks down 'us' and 'them'.

Facebook Bitly Links

- Bitly shortlinks should be used in posts where possible
- These make web links shorter and more user friendly
- Most importantly we can track direct clicks back to your website

PROPERTY OF THE WEEK! This charming and unique five bedroom country home overlooks extraordinary gardens and grounds. The house is beautifully presented offering comfortable accommodation but the gardens offer real wow factor. Until recently the gardens were open to the public and run as a small boutique nursery and this business could easily be reinvigorated or the gardens used solely for private enjoyment. £1,250,000
